MADRAS GOVERNOR'S CAMP
August 7, 1965.

MESSAGE

I am happy to know that a new Agricultural College is proposed to be inaugurated near Othakadai on the 19th August. This is the second to be started by the State Government and the third of its kind in the State. I am sure it will help in meeting the man-power requirements of the Agricultural Extension Services in the Fourth Five Year Plan period. I wish the institution success.
